

Dear Parent/ Guardian,

The annual Sony Creative Science Award is here again. It is an opportunity for your child/ward to apply Science concepts and turn his/her creative ideas into a toy!

Please find attached the slides by Science Centre, Entry Form, Creative Journal and Self-reflection Rubrics. We strongly encourage your child/ward to participate in this competition.

The deadline for toy submission is 4 July 2025. Your child/ward will need to submit the toy and entry form to his/her Science teacher when school reopens in Term 3.

For any clarification, please approach your child/ward's Science teacher.

We look forward to your child/ward's participation.

Thank you.

Yours sincerely,

Ms Adelia, Ms Atiqah & Mrs See
