Dear Parents/Guardians,

As part of Triple P's ongoing efforts to better understand and support parents, we would like to share the PEQ, a short online questionnaire designed to gather insights into your needs, concerns, and areas where additional guidance may be helpful.

For the month of June, **P2 and P6 parents are invited** to participate in this survey. Your responses will:

- Help identify parents who may benefit from further support and link them to relevant programmes
- Provide valuable insights that may enhance your parent engagement efforts

Please click on the link below to access the questionnaire. Your participation is greatly appreciated.
